## TROMMEL SCREEN

Innovative solutions in the field of production of special equipment.

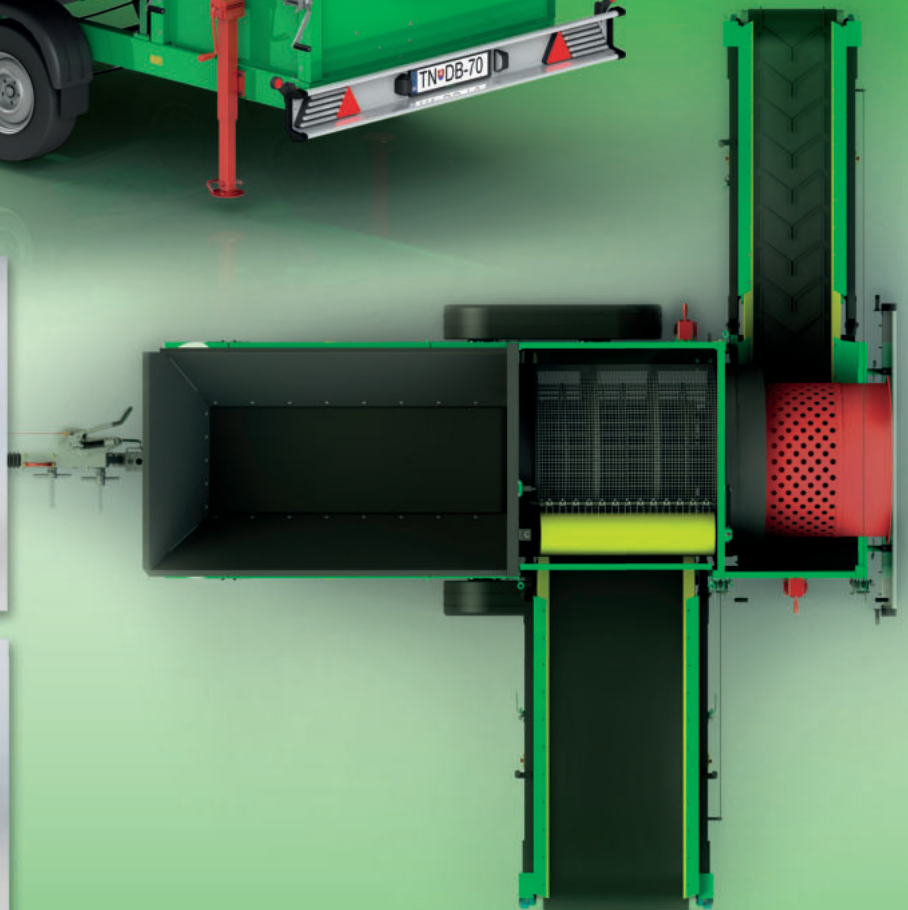

ENGINEERING

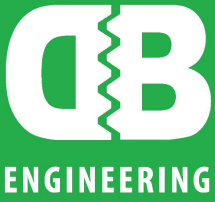

## TROMMEL SCREEN DB-30

- » Stationary drum screener
- » Double drum with replaceable mesh on the outer diameter
- » Screen mesh sizes from 2mm to 80mm
- » Electric drum drive, speed selection using a frequency converter
- » The outer diameter of the drum is 1300mm
- » The inner diameter of the drum is 1000mm

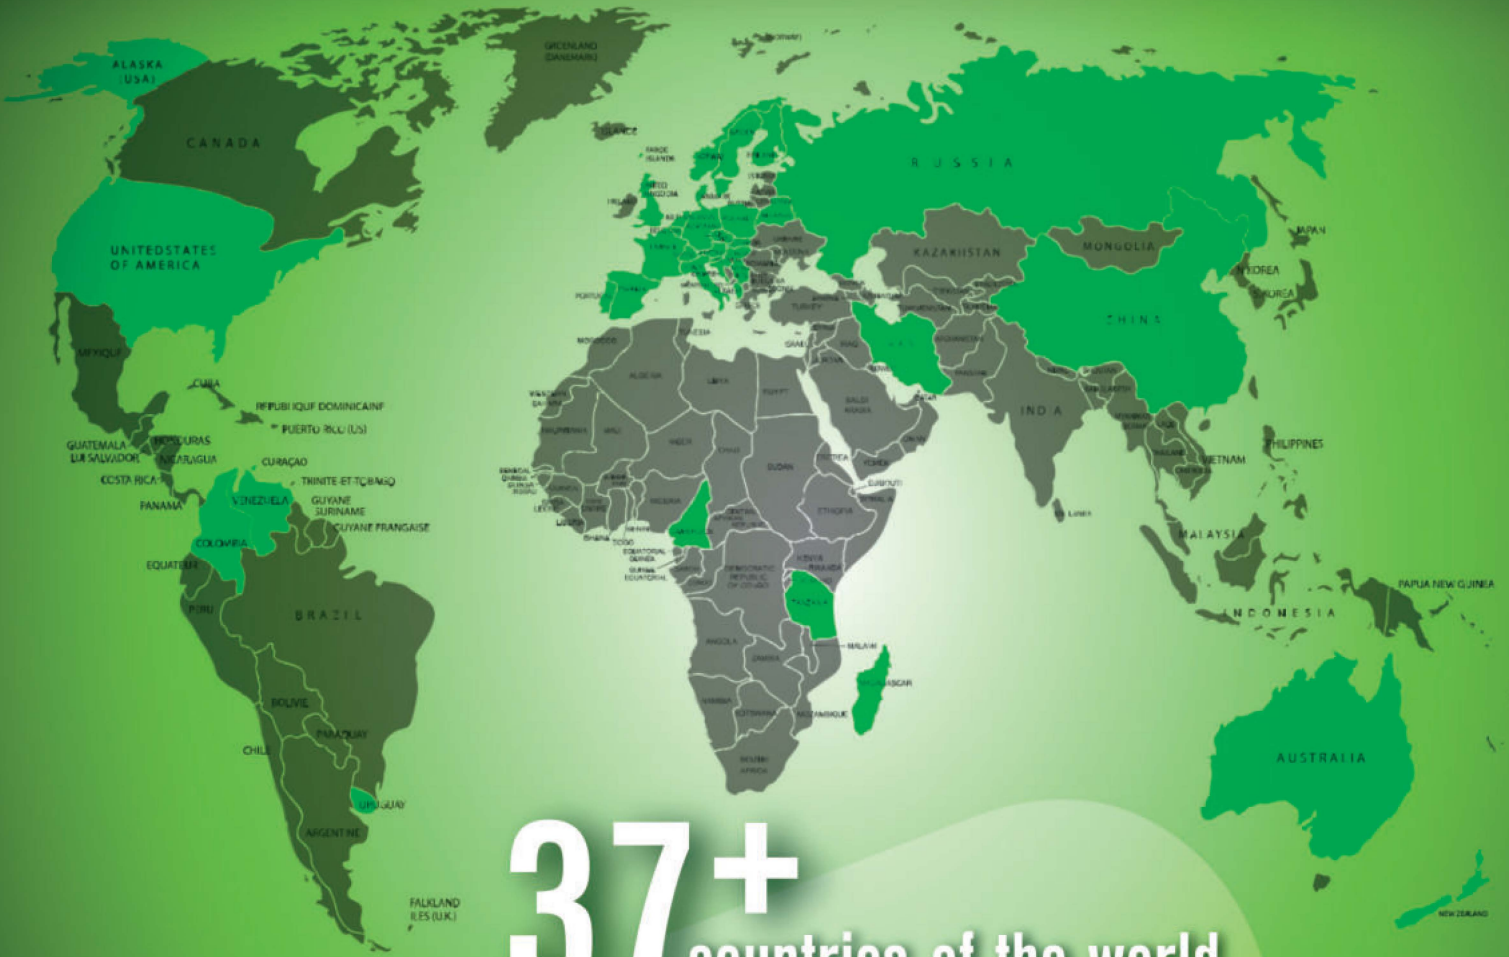

## TROMMEL SCREEN DB-70

- » Mobile trommel screen
- » O2 trailer (with brakes, two axle, up to 3500Kg)
- » Double drum with replaceable mesh on the outer diameter
- » Mesh eye size from 2mm to 80mm
- » Electric drum drive, speed selection using a frequency converter

We deliver our innovations to many countries around the world.

**37+** countries of the world
